## BLUE MOUNTAINS TRIANGLE – EXPANSIONS.

by Dr [h.c.] Rex Gilroy PhD.

In 2006 URU Publications released “Blue Mountains Triangle – Secret Underground Australian-American Bases and the ET Connection” on a startled Australian public. The UFO community at large is still getting over the shock, still asking questions, and The book is still selling, and a sequel is in preparation!

The underground ‘base’ is in fact a number of complexes branching off the main central city-size metropolis deep beneath the Burratorang Valley. Each complex is town-size and without going into a lot of information of which my readers are already well aware, all are connected by road and rail [ie bullet train] tunnels to the main complex, which is at least 100 levels deep in the earth.

The central Burratorang Valley base is linked to the other complexes in the south in Wollondilly Valley, Goulburn and the ACT, with offshoot undersea submarine bases on the coast as my readers will recall. Northwards from Burratorang the Wollemi complex continues to grow, and there are central western New South Wales bases that are also being enlarged. Many thousands of personnel are involved in this mighty operation, and there are secret space-base openings with each where UFOs are seen to come and go from, particularly at night.

An extra-terrestrial super-civilisation, with whom NASA secretly established contact, Continues to advise Earth space scientists on the development of what is undoubtedly a space-travel science which is inter-galactic in concept, and in which the space bases which NASA’s secret space program [apart from the one that is public knowledge] has long ago established on the Moon and Mars, are playing an increasingly important role as launching pads for expeditions in search of other earth-like planets.

The existence of Blue Mountains UFO Research Club is one thing that the Australian-American government scientists don’t approve of, and they certainly disapprove of our National Underground Space Base Investigation Network even less! Our club’s secret research team is gathering information Australia-wide, as well as in New Zealand. Our goal is to make the community at large aware of what is going on behind the Australian people’s back. The big question is WHY the secrecy? Surely the conquest of space and the settling of other far-flung planetary worlds much like our Earth is the greatest human achievement? The military authorities of both the USA and Australia work together in secrecy for a great purpose known only to them. I have my own theory on this mystery.

The haste to establish a new home for earthlings on another Earth-like planet somewhere ‘out there’; the construction of gargantuan city-size settlements with all mod-cons deep in the earth capable of containing millions of people; and the fact our above-ground government authorities continually play down, namely that a mighty asteroid is heading through space in our direction, and may strike us many years from now.

\*\*\*\*\*

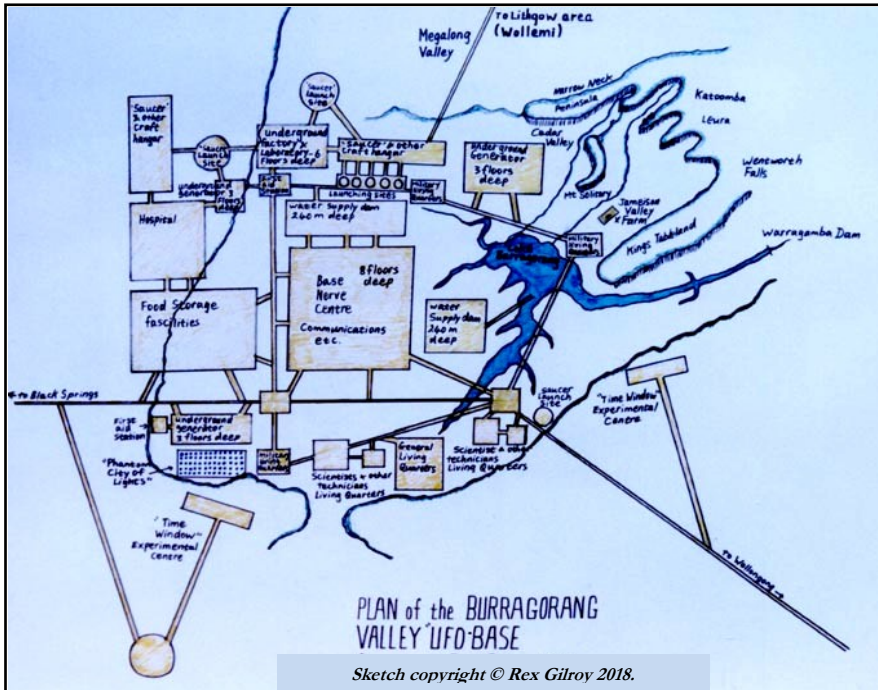

There has been a steady build-up in underground base security around Australia, and on the Blue Mountains in particular, where over recent years new spacecraft launching entrances have been established. Over the past 12 months something mysterious is happening out Kings Tableland way with more daytime sightings. The Wollondilly Valley now has a new, fully-operational complex, and the Wollemi Wilderness, a mysterious region at any time, which also has a large complex, has been expanded. More flights of ‘saucer-type’ spacecraft have been happening hereabouts than usual lately, while UFOs appear to be quite active over the Newnes-Lithgow region and Kanimbla Valley. I intend organising a field investigation soon to these underground space-base areas to check out flight entrances.

Meanwhile our Lithgow team members Phil Whittaker and Graham Merrick, have been making some interesting observations of mystery craft high in the sky over their area at night, and the Blue Mountains UFO Research Club Skywatch team, led by Rex and Heather Gilroy, Phil

Whittaker, Graham Merrick and others, has carried out four Skywatches from Hassans Walls Lookout with more to come. Lately Lithgow has seen an increase in ‘saucer’ activity. If any reader has any reports of their own to add we would like to hear about them.

We are always pleased to welcome any new UFO enthusiasts into our research team. In the meantime, WATCH THE SKIES!

Diagram [not to scale] shows the general layout around the subterranean Australian/American secret underground space technology research base in the Burragarang Valley. True distance from Katoomba to Warragamba is about 17 miles. In 1977 the late Don Boyd, editor of "Psychic Australian" magazine, drew this imaginary sketch for an article by Rex Gilroy on the subject. People on remote dirt tracks even on the Burragarang fringe have often heard the throb and rumbling of machinery coming from beneath the earth. *At 1.05pm on Thursday 27/5/2004. while being filmed with Heather by the crew of ABC TV's "Australian Story" out on Narrow Neck Plateau, Katoomba NSW Rex Gilroy spotted, to the east across Jamieson Valley, a great triangular object about 15m in wingspan, descending rapidly over the old valley farm from above the eastern cliffs, to vanish behind the eastern end of Mt Solitary. The craft disappeared so quickly that, although Rex alerted Heather and the camera crew, they were unable to catch a glimpse of the mystery object.*

*During September-October 1993, a large saucer-type craft was claimed seen by a number of people coasting high over Kedumba and Jamieson Valleys, around dawn on several occasions, shining gold in the dawn light. It was observed around 6.30am on the 10<sup>th</sup> October to fly from south to north over the gully between Leura and Katoomba Townships and seen heading north by people near Leura Cascades. Photo and artwork copyright © Rex Gilroy 2018.*

*During the big Blue Mountains UFO ‘flap’ of 2000, there were many spectacular accounts gathered by the author concerning ‘flying saucer-type’ craft, seen over a wide area of the mountains. One spectacular event began around 7am on the morning of Thursday 10<sup>th</sup> August. Many locals as well as tourists watched from locations along Cliff Drive and Echo Point Lookout, as two large blue-coloured, shining ‘saucer-type’ craft rose from the Burratorang Valley behind Mt Solitary, to hover high in the sky over this monolith, remaining side by side motionless for at least 15 minutes, then moving off northwards, approaching the centre of the Jamieson Valley, they picked up speed and shot off to the north-west. They were estimated by one eyewitness the author interviewed to being about 15 metres in diameter. That evening the Burratorang Valley came ‘alive’ with at least 250 glowing silvery and yellow ‘light balls’ and other strange glowing objects, emerging from the Burratorang ‘Base’ openings.*

*Photo and artwork copyright © Rex Gilroy 2018.*

*On Sunday 24<sup>th</sup> September 2000, several people out on Kings Tableland Road, south of Wentworth Falls Township, were gathered in the front yard of a property. The time was about 12.30pm when two men in the group Mr Casey Roberts and Lloyd Peters, spotted far to the south-east a bronze-coloured disc-like object approaching to where they were, over the rugged scrub-covered gullies at a phenomenal speed.*

*The craft, which they afterwards judged to be over 15 metres in diameter, zoomed with a whooshing sound high above the gathering as it headed in the direction of Leura and Katoomba beyond. What was surely the same craft was later reported seen high above Blackheath, from where it changed direction to fly north-east, passing high over the Grose Valley and Kurrajong, heading in the direction of Newcastle, then out to sea. Its course was later plotted by the reports of its sightings along the way.*

*Photo and artwork copyright © Heather Gilroy 2018.*

*On Sunday 23<sup>rd</sup> April 1972 about 10am as dozens of tourists stood on the cliff-top lookouts on the eastern cliffs overlooking the valley between them and Kanangra Walls, a large, silver-glowing 'saucer-type' craft was spotted by people zooming up over the mountains at the southern end of the valley. As the people watched, the craft rose high into the air to hover above the valley, where it remained motionless for half an hour. It then rose high into the sky to vanish from sight. Over the next week the 'saucer' made several more visits over Kanangra Walls and the surrounding region, being spotted by campers, farmers on properties fringing the National Park, and others. It is believed that people who took photos rushed them off to the newspapers, but these prints were never published, nor did the donors get them back! Perhaps photos survive of the shining craft which the owners wisely did not let out of their hands. Artwork by Rex Gilroy 2018.*

## **MY FIRST UFO EXPERIENCE.**

by Phil Whittaker.

*Copyright © Phil Whittaker 2018.*

I was 18 years old in the summer of 1990 whilst with three other people who were all 17 years old. Jamie Stapleton, Troy Vanderhaar, Mick Avard and myself had driven to Jews Creek to visit Paul Milligan, a friend also.

It was almost midnight and we four boys were going back to Lithgow. We entered the Castlereagh Highway at the bottom of the hill at the sawmill owned by Paul Milligan's father. There was no traffic coming in either direction and as we drove up the hill a single huge bright light all of a sudden shone through our rear window. We looked back only to see this light was coming towards us very fast from the sky and seemed to get larger the closer it came.

We all panicked and screamed "Go – Go" at the driver, Jamie Stapleton! This was very intense for all of us. As it approached within some metres of the rear of the car, the giant bright light just disappeared, no noise just light and then nothing. We all talked about this and none of us could understand what had just happened. Although none of us boys have forgotten this very real experience.

The other boys did not want to talk about this experience because they feared what others might say.

Myself, I love the truth and do not care for other's opinions also I do not need the opinions of those who were not present at this time. This whole experience was over within 10 seconds. I estimate its approaching speed was 100 KPH and 200 KPH.

### **ANCIENT EGYPT IN ILLINOIS**

Photo courtesy editor's collection  
The Miamisburg Mound is one of dozens of Adena mounds found throughout Ohio, although this mound is the largest of those remaining.

Historian Glenn Kimball provided updates of his research into ancient manuscripts as well as artifacts found in burial mounds in Southern Illinois (known as “Little Egypt”) that show North America was visited by overseas travelers thousands of years before Columbus set sail. The

Mississippi Valley is home to over 10,000 burial mounds, which contrary to widely held academic opinion were not all left behind by Native Americans.

Black market relics found in the region depict Egyptian pharaohs, Moorish sailors, Christ on the cross, Jewish warriors, and Roman military imagery. Further, runes from artifacts found in Illinois, Michigan, California and Utah talk about migrations of people from the Middle East, Kimball said.

Kimball is currently working on gaining permission to dig in an area of Illinois where ground-penetrating radar has shown several chambers exist along a 1500 foot underground corridor. Glenn Kimball has successfully completed all course work for a Ph.D. in Communications and passed his doctoral exams. He was the former president of International Exchange School. Glenn taught at Southern Illinois University and has been collecting ancient texts since the age of fifteen and is famous for being able to integrate very diverse texts into a contiguous story line. After 25 years of research, during which Kimball visited museums, Indian tribes, medicine men, and universities, he assembled some of the missing links and unsolved mysteries of Christianity. .

Harry Hubbard has written, several books, and articles concerning the archaeological discovery. Harry reports on the Illinois caves, first discovered in spring of 1925 by Orville Lowery, of Hickory Hill, in the southeast corner of Marion County Illinois. Harry and fellow researchers were able to amass large quantities of information from the artifacts as to who the people were that constructed the “Illinois Mystery Cave” and the identities of the corpses who lay interred within it. Green area shows Mound Building areas that include European, Indians, and some giant remains. Harry feels the mainstream archaeological community has suppressed America’s true history. Some of the artifacts depict strange but highly detailed images of humanoids, aliens, UFOs and more. The language depicted on the artifacts was decoded, using L.A. Wadell’s groundbreaking technique. Harry tells of the wars, famine and political upheaval in the Ptolemaic dynasty in Egypt and Cyprus as Rome conquered the area and why they may have fled, ultimately arriving in America. Cleopatra VII was the last person to rule Egypt as an Egyptian pharaoh. After her death on August 12, 30 BC Egypt became a Roman province. Cleopatra VII was a member of the Ptolemaic dynasty of Ancient Egypt, and therefore was a descendant of one of Alexander the Great’s generals who had seized control over Egypt after Alexander’s death. Some researchers speculate this tomb is Alexander’s, Ptolemaic Pharaohs, and Cleopatra’s final burial place. It is thought Cleopatra took her

family, numerous ships, supporters and sailed to Illinois and set up a base. Allegedly Alexander was buried in a solid gold coffin.

Strangely some the details from tablets clearly show Reptilian and other E.T. contact. Many of the carvings depict aliens, alien craft, that appear. Nothing here is made up or even slightly contrived. Harry outlines the parallels between Old World and New World contacts with E.T.'s 2000 years ago. There is evidence of contact with races from the sky. It is obvious these people were in contact with aliens most of whom appear to be reptilian.

The tomb had carvings of UFOs with tablets stating *“A basket-like object magnificently comes and goes in a swift-like motion, and on its base can be observed many red lights twisting together.”*

The ancient ships were quite large sea worthy and often included oarsmen and sails. <http://www.illinoiscaves.com/videos.htm>

The presumption is that Alexander the Great's Tomb or his heir who ruled the Midwest has been relocated to North America. The lineage of the Ptolemaic Dynasty and the History surrounding the fundamental facts of these persons are quite lengthy

Ancient King Alexander ruled the entire Mississippi/Ohio/Missouri River Basins, including the Great Lakes region through Canada east to encompass the island of Newfoundland and the immediate regions north and south along the Atlantic Coast. His domain was called “Aderion” in most texts and “Happyland” or “Land of Many Smiles” in others. His fleet of many ships was well supplied with goods, colonists and artisans. This Ancient King's name is Alexander Helios (Helios, in Greek means Sun). The abbreviated symbol for his name is always his motif, and commonly appears with a Sun symbol. Alexander Helios has been missing from History since age 10, when he was last recorded by the ancient writer Cassius Dio, in his History, Book 51. Helios was born in 40 B.C. and had a twin sister named Selene. They were the oldest children birthed by Cleopatra to Mark Antony. Helios was of Royal lineage as was his father and mother. Recorded History provides no clues as to what happened to Alexander Helios after he became a palace hostage and somewhat

adopted by Octavia, Octavian's sister / Mark Antony's former wife. History does record that Cleopatra Selene (twin sister) married Juba II, (also a hostage in the court of Octavian) who later was granted back his homeland of ancient Mauretania and acclaimed King Juba II by Octavian. Working together, Alexander Helios and his brother-in-law King Juba II, have left their fingerprints all over this Monumental Ancient Tomb as can be easily seen by the 100's of tablets representing their likenesses. There was commerce between America and Europe in ancient times. Hundreds of carvings of beautiful women, historic carvings from the Library in Alexandria.

## **COPPER MINING**

A great deal of copper mining occurred in Michigan that was shipped to Egypt and Europe. New research suggests that Isle Royale's, Michigan mining boom peaked about 6000 years ago and left a legacy of aquatic pollution. The high levels of copper, lead, and potassium in sediments from a cove on the island point to a long and intense period of indigenous mining. New research suggests that Isle Royale's mining boom peaked about 6000 years ago and left a legacy of aquatic pollution. The high levels of copper, lead, and potassium in sediments from a cove on the island point to a long and intense period of indigenous mining. Considering that BC period mining was determined to have stopped about the same time as the bronze age in Europe ended, there would be a good bet as to the reason why it stopped here. That and the older mines are dated to coincide directly with that same bronze age period. Unless that is we are still of the silly assumption that roughly 500,000 tons of copper was mined by the ancient Indians to make simple tools, jewelry and hooks with and there is no evidence that they ever used anywhere near even a fraction of that much copper in their culture. So where did all that copper go? To Europe and Egypt where pure copper is found.

Ten tons of copper oxide ingots recovered from the late Bronze Age (1300 BC) Uluburun shipwreck off the coast of Turkey was "extraordinarily pure" (more than 99.5% pure), and that it was not the product of smelting from ore. The oxhides are all brittle "blister copper", with voids, slag bits, and oxides, created when the oxhides were made in multiple pourings outdoors over wood fires. Only Michigan Copper is of this purity.

## **SPHINX PART OF ANCIENT CIVILIZATION**

Robert Schoch is best known for his argument that the Great Sphinx of Giza is much older than conventionally thought and that possibly some kind of catastrophe was responsible for wiping out evidence of a significantly older civilization. Schoch redated the famous monument to 7000–5000 BC, based on his argument that its erosion was due mainly to the effects of water. Rain that occurred in ancient times. The age of Virgo transitioned to the age of Leo in 10,500 BC and many feel the Sphinx had a Lion's face going back to that remote period. The present head appears much smaller than the large body and the calculations for the rain erosion could be extended back much further.

He received his Ph.D. in geology and geophysics from Yale in 1983. Schoch's other theories include the belief that possibly all pyramids in Egypt, Mesoamerica and elsewhere represent a much older global culture such as the Visoko region (Bosnia). Robert's book is

called “*Forgotten Civilization, the Role of Solar Outbursts in our Past and Future*”

Schoch’s proposes that in 9,700 BCE the Sun experienced a super storm with its electoral plasma discharges blasting Earth and causing total destruction and devastation triggering floods, earthquakes, volcanic eruptions, and plunging nascent civilization into a dark age. The pyramids design helped them exit through the super storm that may have been triggered by a super wave from the galactic center. ## ARTIFICIAL MOON

Dr. Bruce Cornet — I attach below some more Lunar images that will show you some extraordinary evidence for artificial structures. I believe almost the entire near-side of the Moon is artificial down to at least 5 kilometers. You are correct:

This alien base is very old, and has been involved in at least one interplanetary war. Parts of it appear to have been rebuilt, but other parts are in essence vast graveyards for ancient ETs..

Mountain range in lower left of above image, when enlarged, shows that it is composed of many parallel layers of spheres, unlike any geologic formation. A close-up of mountain with a sharp vertical face, unlike anything that would occur naturally without crustal faulting. These mountains according to conventional interpretation were formed by meteor impact. If that is the case, their internal structure would be chaotic, not ordered and layered.

Those layers of spheres are highlighted with white lines in the image below. A building-like structures is outlined in white at the top of this mountain.

When that mountain exterior is enlarged, instead of smooth dust-covered igneous rocks, it appears like Swiss cheese, full of holes due to a composition of layers upon layers of geodesic spheres which are hollow.

With further magnification, the hollow sphere structure becomes evident. The underground Lunar base was probably printed by an enormous alien machine, and contains hollow cavities and chambers where alien life and resources existed.

The Shard is real. Goddard Space Flight Center has a display of the Shard image. Would Goddard knowingly promote a fake image? The Shard is real. I have reviewed it. It looked to me like a giant construction crane but it is so old the metal has all fused together. However the Moon seemed to be a hive of busy activity. The Moon is very old. If you look very closely at its surface you will see that it is covered with ruins of different ages, some extremely old, and made by different species. It did not originate in this solar system. It was brought here to protect ET operations on Earth. I assume it somehow forwards what the ETs extract from the Earth to its owners. They are, at a rough guess, 30-40,000 light years from here. They can have a war machine in my back yard in 7 hours, probably less if they really step on it. I know that because they did it when I first encountered them. The local ETs are not doing us any harm. They are mining, but doing so at depths we cannot reach. Some of their experiments on the surface are annoying. I refer to abductions, which I assume are still going on although one never hears about them anymore. These data are new compared with what I have seen and heard on Ancient Aliens, History Channel. They haven't figured out the magnitude and size of that lunar base, which they have thought was above ground and included obelisks. It may go down 5 km below the surface and be as large as the North American Continent. The aliens have been watching Earth for hundreds of millions of years. I have many more images that blow the lid off of any natural Lunar landscape, and prove it is an enormous construct. This underground base is at least the size of the North American Continent! Thanks to Dr. Bruce Cornet

## ALLEGED ET ABDUCTION LAST YEAR IN DC

WASHINGTON, DC – Will Allen, a former White House, Air Force One and Marine 2 Engineer and director of UFODC, demonstrates replicable forensic evidence in this Webinar that the unexplained total disappearances of 37 African American youths [including their cell-phone & signals] from Northeast Washington, DC on January 5, 2017 is correlated with the over flight of interdimensional extraterrestrial spacecraft “the size of an aircraft carrier” over Washington, DC. When asked to speculate what the purpose of the ET mass abductions of humans might be, Will Allen speculates that one purpose might be, “*A food source for the reptilian occupants of the cigar-shaped craft.*”

As District of Columbia police, the U.S. Congress, and the White House do not appear capable of dealing with this public crisis based on Will Allen's approach to each of these institutions, this crisis is now being made public by UFODC and by NewsInsideOut.com.

The disappearance and probable mass ET abduction of 37 African American youths from Northeast Washington DC in the dying days of the Obama Administration has not been addressed

during the first year of the Trump Administration. Watch <https://youtu.be/6R2E7N73Mw0> An attempted oppressive extraterrestrial intervention on Earth?

## **PENTAGON’S SECRET UFO STUDY ON COAST TO COAST RADIO**

Frank Chille writes, “On January 28, 2018, Eric Davis and Hal Puthoff were interviewed by George Knapp on Coast to Coast Radio.” You have to go to the web page to hear it. Both of them said there is much more to come, and they answered some of the doubts about the Navy UFO videos. The Nimitz and Gimbal UFO videos are both authentic. There is extensive written documentation and most important, radar plots.

Dr. Eric Davis described his role in the Pentagon program which has been front-and-center in the news since a *New York Times*

Dr. Hal Puthoff described his background beginning as Naval Intelligence officer working for the NSA, to his studies in laser technology, and eventually as a pioneer in the study of remote viewing at the behest of the CIA in the mid-1970s. He defended the recent revelations of apparent government UFO disclosure and his role in Tom DeLonge’s UFO research organization as an effort to “put some sunshine on this area and get it out, so that it’s no longer a subject of ridicule.” Puthoff said he had examined one of the pieces of metal that was announced in the *Times* article and described it as “layers of various kinds of materials that you wouldn’t expect to be put together” as well as the unusual properties that are gained from this unknown method of materials engineering. It’s not new elements, it’s layered alloys that are nearly impossible for us to reproduce. Don’t count Tom DeLonge out just yet.

<https://www.coasttocoastam.com/show/2018/01/28>

Dr. Bruce Cornet writes, “Eric Davis and Hal Puthoff were involved in BASS under Robert Bigelow Aerospace, which worked for the Pentagon between 2007 and 2012.” However the project didn’t stop, and continues in secret. Hal said he had very high security clearance and cannot reveal too much. He did reveal Bigelow has pieces of crashed craft, and he knows their exotic construction, is unlike anything manmade.

Knapp asked him what was so different with the metals, and Puthoff let slip that they are micro layered with different elements in layers, unlike anything we have made, he claimed. The layering is at the atomic level, and he speculated that this combination produced unique physical

properties that we are trying to duplicate. Was he telling the truth, or was he giving us misleading information so that the Russians and Chinese won't think we beat them to reverse engineering alien technology? Puthoff admitted to being part of the Cabal. Perhaps my legal case was designed to destroy my credibility. They realized I would eventually figure out the truth.

Reflections:

Puthoff and Davis had the opportunity to keep our professional conversations continuing since working for Bigelow at The National Institute for Discovery Science, known also as NIDS , but they did not reach out to me after I was fired. I got the feeling that they do not hold my UFO work in high regard or are not interested in it. Why? During a presentation to Bigelow and Kelleher in April 2004 at NIDS, Bigelow seemed disinterested in my data of Pine Bush UFO performances, as if he thought I couldn't have been getting so much data. In other words, my data were not alien. Then in the middle of my talk, he walked out. Why?

Perhaps he knew that the hundreds of sightings and photos were of secret military vehicles and technology, and that I was being used by the CIA to classify what I saw and photographed as UFOs on the internet. The Black Triangles may be ours, and the Secret Space Program wanted the world to think they are alien.

As crazy as this explanation may seem, the Black Triangle performance in May 1997 was a Skunk Work's creation, according to my partner, Marc Whitford, a Navy veteran, who witnessed it and was later told that. For more details see:

So, just how far along are we in developing alien technology? The maps NIDS created from the four databases show a fantastic increase in sightings of Triangles since the Belgian flap in 1989-1991. What most people will have a hard time accepting is that most of that increase is due to our own technology. That is why Bigelow walked out of my talk. He already knew my data were compromised with U.S. hardware. Does that make sense? Thanks to Bruce Cornet

Note: In 2002, Bigelow's NIDS issued a report which said the black triangles were U.S. military prototype blimps, a finding agreed to by other experts but not confirmed by the military.

## **PHOTOS OF SECRET ADVANCED AIRCRAFT IN FLORIDA**

This Google Earth photo reveals a sleek aircraft parked at the end of a small runway due west of Jupiter, Florida. To make this discovery more intriguing, the vehicle is parked outside a building owned by Pratt & Whitney. According to the company's website, it is a world leader in the design and manufacture of top-of-the-line military engines for 31 armed forces around the world. In late 1964, the Pratt & Whitney J58 jet engine powered the first flight of the SR-71 aircraft could reach mach 3.2 without breaking a sweat. The J58 was a single-spool turbojet with an afterburner. It had a unique bleed from the compressor to the afterburner which gave increased thrust at high speeds. Fifty years later it is logical to assume new aircraft can reach mach 5 or greater. Similar craft were seen over Pennsylvania and D.C.

Then back on September 7, 2017 secret advanced aircraft were seen fleeing from MacDill Air Force Base in Central Florida just three days before Hurricane Irma began ripping across the state. Below are photos of some of those fleeing craft that were provided to Dr. Michael Salla at [exopolitics.org](http://exopolitics.org) by a man identified only as JP. MacDill AFB is home of the U.S. Central Command and U.S. Special Operations Command

As the world marches closer to war, hypersonic aircraft and missiles are being developed and or tested mainly by the United States, Russia, and China. Other countries besides these three are developing hypersonic technologies to a lesser degree.

The race for hypersonic technologies is in full swing among global superpowers. The first nation to acquire these technologies will revolutionize their civilian aerospace and military programs.

As of January 2018, hypersonic technologies are still in development and or the testing phase with many superpowers, though, it's anyone's game at this point. Which leads us to an unidentified airport and testing grounds hidden in the swamplands of South Florida, some 24-miles inland on Bee-Line Highway, outside Jupiter, Florida. In the Google Earth photo a truck is towing the mysterious aircraft from a large rectangular white building to the white concrete pad. One of two things are possible: 1. Prepping for an engine test on the concrete pad. 2. Prepping for a flight using the runway.

Pratt & Whitney and Sikorsky Aircraft Corporation are located just a stone's throw away from the secret airbase housing the mysterious aircraft. Interesting to note, Pratt & Whitney manufactures the scramjet engine for the X-51A WaveRider hypersonic vehicle. Thanks to <https://stockboardasset.com>

Lockheed Martin's Skunk Works has confirmed that it is developing the SR-72 spy plane. The successor to the SR-71 Blackbird, which was capable of Mach 3.5, the SR-72 will be a hypersonic unmanned aircraft capable of Mach 6, or just over 4,500 mph. At hypersonic speeds, the SR-72 will be able to traverse any continent in around an hour — meaning, if they're strategically positioned around the world on aircraft carriers, the US military can strike or survey any location on Earth in about an hour. It is also suspected that the SR-72's hypersonic engine tech — some kind of hybrid scramjet — will find its way into the US military's High Speed Strike Weapon (HSSW), a missile that can theoretically strike anywhere on Earth in just a few minutes. Thanks to Lockheed.

## **MARS DEAD CIVILIZATION**

Dr. John Brandenburg writes about the MIRROR news, The UFO Hunter disclosure: This CIA declassified memo confirms government covert interest in Cydonia during the time period of the IMIT (Independent Mars Investigation Team) which was Jan- July 1984 and that they apparently also came to believe it was the remains of a dead civilization.

“The session allegedly took place on May 22 in 1984.” Our final report was not presented in public until the Case for Mars II conference in July 1984. Therefore, again, this confirms that the US government was also investigating the Cydonia area at that time. It would appear, based on remote viewing, that the government confirmed our verdict that it was a site of an ancient civilization. The

day of Mars (but not UFO) disclosure , may thus be close. Note that the government has essentially endorsed the idea of a past Mars ocean, abundant water still on Mars, and evidence of Mars life (the meteorites). A dead Mars biosphere and past humanoid civilization may be next. Thanks to John Brandenburg

## **THE NEPHILIM ROAMED THE EARTH**

. Genesis 6:4, “There were giants in the earth in those days; and also after that, when the sons of God came unto the daughters of men, and they bare children to them, the same became mighty men which were of old men of renown.” The giant offspring of this union between the sons of God and the daughters of men were called the Nephilim.

Books like Enoch, Jubilees, and many others. the verse in Genesis 6 about the sons of God taking human females as mates is the key, these were the Watchers who polluted the gene pool, It is our opinion that the “sons of God” were fallen angels (demons) from the planer heaven who mated with human females or possessed human males who then mated with human females. These unions resulted in offspring, the Nephilim, That’s why there was a flood and now their way of doing this is part of the UFO phenomena. These fallen angels were part of the rebellion in heaven where one third chose to follow Satan, and who left there first estate or habitation who now are on the earth or bound in Hades till the Apocalypse. This book “The Nephilim Chronicles” to my huge collection on this subject and after 40 years of study feel like I can share this with anybody. This book takes the leap from mythology to science to discover that the Nephilim were the last vestiges of primitive species; who were known for their gigantic height.

A race of giants once roamed the Biblical lands, Europe and North America? Over 300 historical accounts of giant human skeletons are presented in the book. Massive human skeletal remains, burial mound types, symbolism, etymology, numerology and ceremonial centers are compared in the Biblical Levant, the British Isles and the Ohio Valley with stunning similarities. They spread from the Biblical Lands to the British Isles and to the Ohio Valley and South America. Their open-air earthen and stone temples and burial mounds, containing the remains of giants have stood the testament of time; leaving an indelible mark upon our soil.

Herein are the historical accounts of the giant skeletons that have been discovered within burial mounds and subsurface tombs in the Biblical Lands, the British Isles and Europe and North America. Discover for the first time.

Who Built Stonehenge and many archeological sites, the Earthworks in the Ohio Valley. Discover a giant race called the Dinaric whose remains have been found in Jerusalem, in burial mounds at Stonehenge and the Ohio Valley. Discover the ancient Amorite Babylonian symbols that are evident at Stonehenge and the many henges in the Ohio Valley. Discover the evidence of advanced mathematics discovered by the Amorites and how it is evident at Stonehenge and within the earthworks in the Ohio Valley.

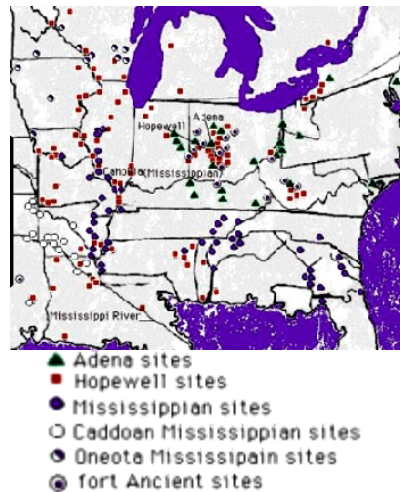

Across the Ohio Valley landscape are the ruins of ancient burial mounds and geometric earthworks aligned to solar, lunar and astrological events. Within many of the burial mounds were the skeletal remains of an ancient race of giants with primitive-looking skulls. Within numerous mounds are hundreds of flint discs similar to flying saucers. The geometric earthworks reveal that complex mathematics were used in their construction. The solar temples, best described as henges, are identical to those found in the British Isles and Germany that were constructed by the Beaker People. Their conical burial mounds, like those in Ohio, were surrounded by an earthwork or moats. Archaeologists cannot deny that the mound builders are real. What they deny are the things sometimes discovered inside the mounds. Over the past century and a half it's been revealed again and again that some of the mounds – and the small pyramids – are the burial grounds of huge men often eight feet or taller that had a very sophisticated culture. Some of the giants have been found wearing intricate leather armor and have been buried with swords.

Premium, author and researcher Fritz Zimmerman compares burial mound types, earthworks and giant skulls from the British Isles and the Ohio Valley. Also, Early and Middle Age Bronze weapons technology from Mesopotamia and the Great Lakes Copper Culture are examined and compared showing similar and simultaneous advancements. A numerical codex called Gematria is also evident within the lengths of many of the Ohio works that is not believed to be a serendipitous coincidence. Wiltshire Mound (Barrows), England

Fritz will also highlights some of largest burial mounds and earthworks in the Ohio Valley that have been listed as “Address Restricted” by archaeologists. This veil of secrecy has been removed in his “Travel Guide,” making the location of these ancient sites public for the first time. **Fritz Zimmerman** is the author of “*The Nephilim Chronicles: Fallen Angels in the Ohio Valley*“ Ten years of fieldwork exploring over 700 mound and earthwork sites in Ohio, Indiana, Kentucky, West Virginia, and Michigan, resulting in the discovery of 222 locations where these ancient ruins can be visited.”

If you are interested in the real history of North America you must read this book! The author Fritz Zimmerman has done his homework! He has collected hundreds of newspaper stories and archeological and ethnological reports from the 19th and early 20th centuries to prove, beyond a shadow of a doubt, that Amorite giants roamed the Americas from coast to coast. This history has been deliberately hidden and obscured by archeologists and institutions for years—they don't want you to know the truth—that thousands of years ago an ancient race of giants migrated to the Americas, established complex societies, and mined copper from the Great Lakes Region.

Author Gary Vaynerchuk explains how early explorers to America witnessed these giants firsthand, including Sir Francis Drake, John Smith and even some of the early presidents; Legends and myths talk of red-haired giants; strange inscriptions, metal armor, mummified remains, and sophisticated technologies buried with the skeletons; How secret societies such as the Rosicrucian's, Freemasons and Theosophists all claim the existence of these giant humans in the past as historical fact in their literature; hundreds of excavations of giant mummies and skeletons across the United States, corresponding directly with Native American accounts of red-haired giants. He also examines reports from famous explorers such as Magellan, and Desoto of their encounters with giants on the North American continent.

Patrick Chouinard explains how the giants passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms. Ten and twelve foot humans do not fit dogmatic theories. Usually when giant skeletons are found they're laughed off as hoaxes. Unfortunately orthodox science has too much to lose by investigating the mounds thoroughly.

## ENGLISH MEGALITHIC CIRCLES

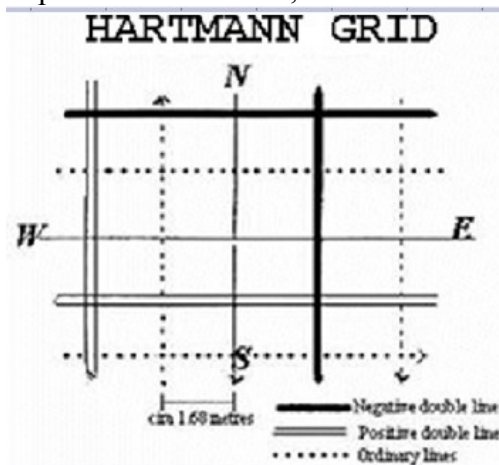

Maria Wheatley writes from England, "Set amid the rolling valleys and mountains of Cumbria, Swinside Stone Circle is more than just a beautiful circle, as it is the best preserved stone circle in

England. The stones of Swinside have a great Spirit of Place making this stone circle one of the most energetically active and alive in the British Isles. It is also one of the most COMPLETE stone circles in England. Out of the 60 standing stones, 55 remain and 32 still stand. Each stone is only 5 feet apart making the energies between the stones especially strong and condensed. In comparison, Stonehenge's bluestone circle also had 60 stones, although only 6 stand upright and nine survive just a stumps reported Professor Atkinson in the 1960s, testifies to its wanton destruction. It is speculated the giants made many of the stone circles to study the heavens.

## GUARDIAN STONE

In the north stands the tallest stone, stalwart and proud at 7 feet 6 inches high. Facing the mid winter sunrise the entrance encourages the flow of solar energy into the womb of the site. This stone feels like a Guardian of the Stones and is associated with the north south Hartmann Grid lines. Imagine earth radiations rising vertically from the ground like invisible energetic walls and you can visualize the energy grid, which is said to be associated with the Earth's magnetic field. The lines measure between 8 and 12 inches in width. Spaced about 6 feet apart in the north-south direction and around 10 feet apart in the east-west direction gives you a rough estimation regarding the square-like grid. But these values can vary depending on your geographical location. They are said to be harmless but 'double crossing points' can be problematic as the north – south lines are Yin that are linked to cramps, arthritis's and rheumatism. Whereas, the east – west lines are Yang and linked to inflammations and heat. However, some dowzers are saying that with the advent of Wifi, transmitters etc, the grid in built up areas can be toxic, so bear that in mind.

Megaliths can act as *Energy Converters* and negate any toxic effect caused by the Hartmann Grid system bringing transmuted yin and yang grid energy to the site. Yin Yang energy is the focus of this circle that like a giant looking glass can magnify the energy and sends this energy outwards as if irrigating the landscape with balancing energy is one primary action of this divine circle.

## MEGALITHIC VORTEX ENERGY

At Swinside we will explore Vortex energy at one of the stones. David Webb's ionic experiments with me at Avebury show how a particular type of Vortex energy is intimately associated with the emissions of negative ions compared to a control location. These energies transform the air we

breathe. I showed him the exact place and said test this! The ancients thousands of years ago cut these stone circles that appear to help mark the movement of the stars and planets. The ancients seem to have known about the vortex energy of the stones that may have been used for healing and possibly communication.. [[email protected]]

## KIDNAPPED BY ALIENS

Several abductees and contactees including those in South America give us a sober reminder that we are headed for an awakening like in Mario Rangel's book "*Sequestros Alienígenas.*"

Speaking to the tall Grey after seeing images of world destruction on UFO Television screens, Bret wrote:

I turned to the tall one and asked, "*Why are you showing me this?*"

***"This is what is going to happen to your planet in the future",*** he said. ***"Your species will destroy your planet",*** he continued. I realized he was telling me this to observe my reaction to these prophetic statements. ***"No!" "You're wrong",*** I exclaimed! ***"I know you would never let this happen to Earth. You will stop us from doing this before it is too late."*** There was silence that seemed to go on for minutes. I wasn't sure what was happening or what the consequences of what I had said to him were going to be. He seemed to be rationalizing whether or not to continue with this "mind game". Then he finally spoke. ***"You are correct." "It is not in our best interest to let your kind destroy itself and your planet."*** I felt a slight sense of retribution. I had beaten them at their own game.

From what I had learned through all of my readings I knew and understood the law of cause and effect. I understood the balance of the universe and how important that balance is to all that there is. My instincts told me that they too believed and understood these basic principles. The destruction of the Earth would have dire consequences for the entire universe. Not only would the Earth be destroyed but so would the natural balance of the universe because of it. (Oldham, 2013: p.45-46). Stay alive to see how all of this unfolds.

## AUSTRALIAN OBJECT

Faulconbridge — The UFO came from the bushes hovered for a few seconds before taking off into the sky in a southerly direction. The photo was taken by the observer and her family on November 18, 2018.

They took photos from their back porch that looks onto the Sassafras Gully in NSW. All witnesses to the event wish to remain anonymous.
